GMRS	467.7250	22 (b)	8	GMRS	yes (b)	prohibited	50 watts	not applicable	yes

(a) No GMRS license is required on these frequencies if FRS limits and restrictions are followed.

(b) These are repeater input frequencies and may be used only by licensed GMRS users.

Operators with GMRS licenses transmitting in the GMRS (the General Mobile Radio Service) must comply with all applicable regulations. These requirements include: "The GMRS station call sign must be transmitted following a single transmission or a series of transmissions; and, after 15 minutes and at least once every 15 minutes thereafter during a series of transmissions lasting more than 15 minutes." (47 CFR 95.1751)

As of the revision date of this document, 47 CFR 95, the FCC rules governing the Personal Radio Services (including but not limited to the FRS and the GMRS), were on the US Government Publishing Office Web site at <https://tinyurl.com/y7wj8s9w>
